Christ.

THE LIFE OF CHRIST
WINTERSHALL
JUNE 2024

In my experience of Wintershall
I loved how realistic the
scenes were especially Jesus's
crucifixion. At this play I saw
wooden homes, boats for fishing,
jugs for wine and animals. The setting
felt like you were at Jesus's
time - 2,000 years ago - even the
actors dressed and acted like
they were from 2000 years ago.
It felt peaceful and quiet
because you were in the
presence of God when Jesus
first did miracles.

I am scared of soldiers,
ready to attack,
but for ^{in safe} Jesus is with me.
I am scared of danger,
looming around me,
but for in safe as Jesus is
with me.
I shall never be afraid as
God is with me.

THE LIFE OF CHRIST
WINTERSHALL
JUNE 2024

Yesterday, we went to the Wintershall Estate to watch the Life Of Christ. We saw amazing actors playing out all of the miracles Jesus performed, his birth, his death and all of his preachings of scriptures, testament and stories. The actors were passionate and were well rehearsed. Wintershall provided a varied selection of scriptures including: the feeding of the five-thousand; the nativity; the crucifixion; passover; annunciation; last supper; the massacre of the innocents (the killing of all boys under three); the denial; the betrayal and many more. The atmosphere at Wintershall was incredible, if you were lucky, you would get a high-five from Jesus.

This performance made me think about how hard it was to survive in Jesus' time. It made me feel intrigued because they involved you in some scenes. This re-enforced my knowledge about how Jesus preached and how the high priest was prejudice against Jesus.

WINTERSHALL
WONDERERS

FIVE PIECES OF BREAD TURNS TO
FIVE-THOUSAND!!!

Jesus performs yet again another miracle! A young boy donates five loaves of bread and two fish to Jesus and he provides everyone there with all the food they could want and more. It was reported that hundreds of leftover bread and fish was found on the floor after this event.

After this occasion, we have an interview with one of the recipients of the bread and fish. "It was amazing, he is the only person I've ever seen do this! Wow! Whenever I saw it would agree with me!" He stated, awestruck.

The feeding of the 5000
Stay tuned for more updates on this amazing amazing character, so-called the "son of God."

THE LIFE OF CHRIST
WINTERSHALL
JUNE 2024

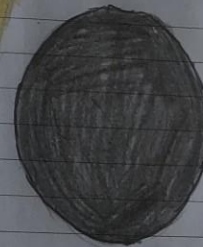

Yesterday, Yr 6 went to Wintershall to watch The Life Of Christ play. There were many acts, including the 'Baptism of Jesus' and the 'Crucifixion'. There were about 40 scenes, each one was amazing to watch. Right from the Birth of Christ to the Resurrection, this play was so fun to watch! The actors were not only extraordinary but they were inspiring too. They conveyed the emotion perfectly! Not to mention, the settings were beautiful. They fit with the scenes, and took my imagination to a whole new level.

After watching that play, I gained a new perspective for the Life of Christ. It was very inspiring! It was as if I was there!

THE LIFE OF CHRIST
WINTERSHALL
JUNE 2024

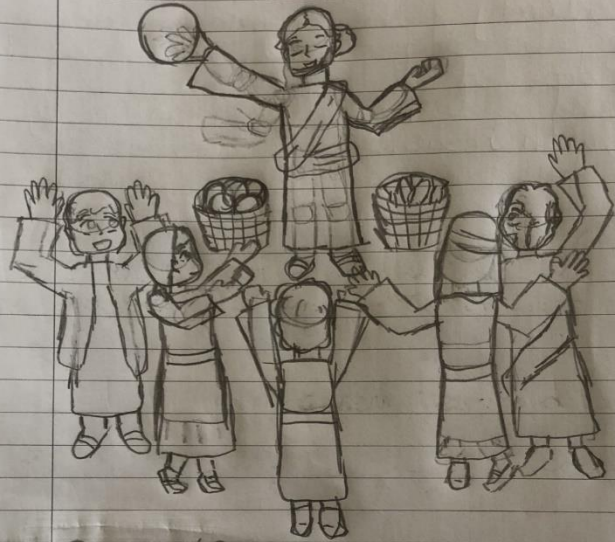

On the 19 July 2024, me and my classmates had visited Wintershall to watch the life of Christ production. I saw many extraordinary scenes and acts which were performed by numerous, talented actors. I had enjoyed the production as it included innumerable events from the bible as it had the birth of Jesus (Nativity) - to Jesus performing miracles on the Sabbath - to Jesus being crucified and had resurrected to the right hand of the Father. Settings in Wintershall Estate, were sensational as in one act it was at the Wintershall lake as it was when Jesus told fishermen that they should follow him and become of his twelve disciples. The scene that made me think about a section in the Bible was when Doubting Thomas said 'I will only believe when I feel the wounds of the Christ'. Many scenes had made me feel different but one that stood out to me was when Jesus said no trades must be made in the temple ^{as it was a special place where you could pray.} My experience in Wintershall was amazing and I hope I could come back there one time!

My favourite scene: The Feeding of the Five Thousand.

20/06/2024

Dear Diary, the scene was The Feeding of the Five Thousand. I enjoyed this scene. My favourite scene at the Life of Christ was The feeding of the Five Thousand. I enjoyed it mostly because they threw bread at us (delicious), and also because the whole scene felt so real. The emotion they showed and eating the bread made me feel like I was really there! Overall, I loved it.

In my artwork, I have illustrated the tomb in which Jesus laid. The stone - by the entrance - has been rolled away...

There is nothing more you can do for us,
Over the hills and mountains, you protect us,
May you show me your courage, Lord,
Be by side, watch over me Lord, please.
