Lovely reflections! I am so glad you enjoyed your day. *ONV*

LO: To reflect on my experiences at Wintershall and 'The Life of Christ'

This week we were very lucky to go on a trip to Wintershall to experience a very moving and engaging re-enactment of 'The Life of Christ'.

My personal reflections:

This re-enactment was very realistic and made me realise that Jesus was *Persistent* and *stuck* to his faith in God even when people were unkind. It made me closer to Christ.

What scene did you enjoy most? Why?

I enjoyed the scene where Jesus does miracles because it shows that through God anyone can do anything. It also shows that God will provide; all you have to do is believe.

What did Jesus say that really resonated with you? What will you try to change in your life as a result of his teachings?

When Jesus said we should not only love our neighbour but also our enemy and that we can pray to God for guidance, it made me feel protected and inspired to show more love towards others.
